

LAMP SPECIFICATION GUIDE

	PRODUCT NAME	15MMSTD	20MMSTD	20MMHGH
SPECIFICATION		Std Output 15mm Dia Cold Cathode Lamp Fusion turnback and oven processed for long life in the region of 45,000 hours and lumen output of 1600 lumens per metre	Std Output 20mm Dia Cold Cathode Lamp Fusion turnback and oven processed for long life in the region of 45,000 hours and lumen output of 1600 lumens per metre	High Output 20mm Dia Cold Cathode Lamp Fusion turnback and oven processed for long life in the region of 45,000 hours and lumen output of 2800 lumens per metre
SUPERIOR PRODUCT	Specifier Recommended	g		g
OPERATION	Current (mA)	100	100	200
	Voltage	< 990 Volts	< 990 Volts	< 990 Volts
OUTPUT *	Lumen Output (lumens)	1600	1600	2800
LIFE	Lamp Life (hours)	45,000	45,000	45,000
MANUFACTURE	Process	Fusion	Fusion	Fusion
	Pumping	Oven	Oven	Oven

N.B. As standard, all ACDC lamps are produced with fusion formed turned back electrodes, although straight or right angled electrodes can be manufactured on request.

* An independent test house has tested both product types and test reports can be viewed on request.
